Superior Performance

VOOM HardCopy™ 2 Portable Hard Drive Duplicator

Performance: **VOOM IT! . . . with Speed**

- Runs at transfer speeds of up to 5.5 GB per minute

Simplicity: **VOOM IT! . . . with Ease**

- Designed for ease of use
 - 2 line LCD the quickly provides instructions and status
 - 3 button input makes operation fast and easy
- Requires minimal training
- Functional out of the box – ATA ready, cables provided
- Readily accommodates SATA with included adapters
- Also readily accommodates laptops with optional adapters

"HardCopy is FAST. I was about to image a drive using FTK [software] and the FTK time estimate was over 2 hours for a 40 GB drive. I got HardCopy out of my trunk and used it for the first time. Without reading the manual, the entire image was completed in just over 20 minutes. I recommend HardCopy to anybody who wants to purchase a state of the art . . . hard drive imager!" (Police Department Captain, Certified in Computer Forensics.)

Functions:

Duplication Modes

- **Clone** – exact block for block duplicate.
- **Image** – duplicates block by block copy (dd image) of entire drive into single file or chunked files. Fit multiple images on single destination.

Wipe Modes

- **Complete Wipe** – speed up to 5.5 GB/min.
- **Post-Clone Wipe** – if destination drive is larger than source, set to wipe remaining blocks.

Dependability: **VOOM IT! . . . with Confidence**

- Designed and built with Voom's proven HardCopy™ forensic technology already in use worldwide* for *safe, fast and secure* duplication
- Quick, reliable and friendly technical support provided
 - ***HardCopy technology is trusted in computer forensics, the most demanding hard drive duplication market,** and is in use by various national and local government agencies, including, in the U.S. (e.g., FBI, State Department, Treasury, Military, state and local law enforcement, etc), and private sector companies.

Affordability: **VOOM IT! . . . and Save**

- Professional-class duplication and wipe capabilities at entry-level prices and ease of use
